

FACILITIES LIST

CNC Machines

- (6) Star SR-20R-max capacity 20 mm, 6 axis, with LNS autoloader
- (3) Star SA-16-max capacity 16 mm, 5 axis, with LNS autoloader
- (1) Star SA-16RC-max capacity 20 mm, 6 axis, with LNS autoloader
- (1) Star SR-32J-max capacity 32 mm, 6 axis, with LNS autoloader
- (1) Star JNC-25-max capacity 32 mm, with FMB autoloader
- (1) OmniTurn GT-75-max capacity 25 mm, Slant Turning Center with drilling and threading capability with LNS hydrobar

Swiss Machines

- (21) Strohm Swiss Automatic Screw Machine with threading and slotting capabilities, 1/2" max capacity
- (1) Strohm Swiss Automatic Screw Machine (Model M45 2-Spindle Drilling and Threading attachment) 4 mm max capacity
- (2) Tornos Swiss Automatic Screw Machines (Model M-4) 4 mm max capacity

Secondary Equipment

- (1) Lion 16-M, 16 X 40 Engine Lathe
- (1) Hardinge HLV Tool Room Lathe Automatic Feed
- (1) Hardinge DSM Hand Screw Machine
- (2) Schaublin Swiss Hand Screw Machine
- (1) Bridgeport Vertical Mill with Automatic Table and Spindle
- (5) Barker Horizontal Mill with Pneumatic Feed
- (2) U.S. Burke Horizontal Mill
- (4) Delta Rockwell Drill Press
- (6) Delta Rockwell Bench Type Drill Press
- (1) Hauser Burnisher Polisher
- (1) U.S. Multi-Mill with Pneumatic Feed
- (1) Sugino Double End Drilling Machine
- (1) 1 Cubic Foot Tumbler
- (1) 3 Cubic Foot Tumbler with Separator

Quality Control

- (1) Quickie 98 SPC Software Interface with Mitutoyo Digital Micrometers, Drop Indicators and Calipers
- (1) Baty Gagemaster Optical Comparator with 16" screen and 20X lense with Quadracheck 2000 Readout interfaced to Pentium computer
- (1) Starret HB400 Optical Comparator 20X Lens with Edge Detection and QC 200E Readout
- (1) Starret HE400 Optical Comparator 20X Lens with Edge Detection and QC 200E Readout
- (1) Starrett HB350 Optical Comparator 20X Lens with Quadracheck 2000 Readout
- (1) Mahr Federal Form Scan 3200
- (1) Beta Lasermike (Z-Mike)
- (1) Federal Pocket Surf Profilometer
- (1) Universal Punch Precision Concentricity Gage
- (9) Mitutoyo Inspection Microscopes-20x-40x
- (1) Amscope Inspection Microscope-20x-90x
- (1) CE Johansson Mikrokator .000005" Drop Indicator
- (1) 4JR Wilson Rockwell Hardness Tester

PRECISION-TEK IS PROUD TO BE AN ISO 9001:2000 REGISTERED FIRM.

Precision-Tek will supply the finest precision Swiss-generated screw machine products to our customers at a fair and competitive price. Our cost-effective processing ensures that our precision parts will be produced and promptly delivered with documented quality and courteous, professional service. All of our products are made in the USA.
