

### COMPANY LOOKS FOR A NEW AGENCY PARTNER AND GAINS LEADS.

#### The Problem

This distant company didn't love the relationship they had with their website and marketing agency. They were looking to make a move to a company that would take some of their digital worries away. By referral, they came to Virtual Vision.

#### The Solution

One of Virtual Vision's experienced marketing professionals took the time to do some thorough research with the company to create a 3-staged marketing plan tailored to their needs. Stage 1 consisted of a new website and Google search ads.

#### The Outcome

Today they breathe easier knowing they have an experienced partner on their side. In just one month they acquired 22 leads from their web form and 6 calls from ads.
