ABOUT SEGMENTED SYSTEMS MFG.

Who we are...

Segmented Systems Manufacturing is an integral part of a Wisconsin based furniture manufacturer that has been supplying the contract furniture industry for nearly 30 years. Segmented Systems Mfg. was created to provide high quality commercial office furniture to our dealerships' clientele who demand stylish and flexible furniture without the premium price tag. We take pride in our ability to provide effective solutions and to create positive change in the commercial office furniture industry.

Our commitment to environmental stewardship...

Our GREEN manufacturing processes are second to none. Many of our products can contribute to LEED Certification. Look for our leaf symbol  throughout the pricer. Some of the products we offer contribute to LEED accreditation by satisfying one or more of the following LEED certification criteria:

- Products improve energy and atmosphere
- Products consist of recycled or recyclable materials and resources
- Products improve indoor environmental quality
- Products apply to innovation and design process

All operating divisions of our corporation are engaged in manufacturing processes focused on environmental stewardship. By recycling and re-purposing post-consumer materials, both in our products and in our processes, we reduce our carbon footprint during production and eliminate significant waste that might otherwise go to a landfill. Through our many years of disciplined manufacturing, we have effectively prevented over 250 million pounds of waste from going to landfills.

From production to warehousing and shipping, we make sure that we do it GREEN!

For example, in our production process we use water based paints and adhesives, reuse post-consumer materials and components wherever practical, and engage in a strict recycling program for all manufacturing byproduct. Our warehouses even use energy efficient lighting and motion sensors to turn on the lights only when they are needed.

Dealer Services

Segmented Systems Mfg. supports our furniture dealers by providing professional services to assist them in satisfying the needs of their valued clients. See below for a select list of interior design and graphic presentation services offered:

CAD based space planning delivered via the following methods:

Design drawings and specifications in AutoCAD drawing files, CAP SP4 and SIF files for order processing and presentation purposes.

Customized sales presentations provided in PDF and PowerPoint formats including photo-realistic renderings, video files for 3D walk-throughs and digital files. Customization can include dealership and client information and graphics, pricing, finish offerings and more.

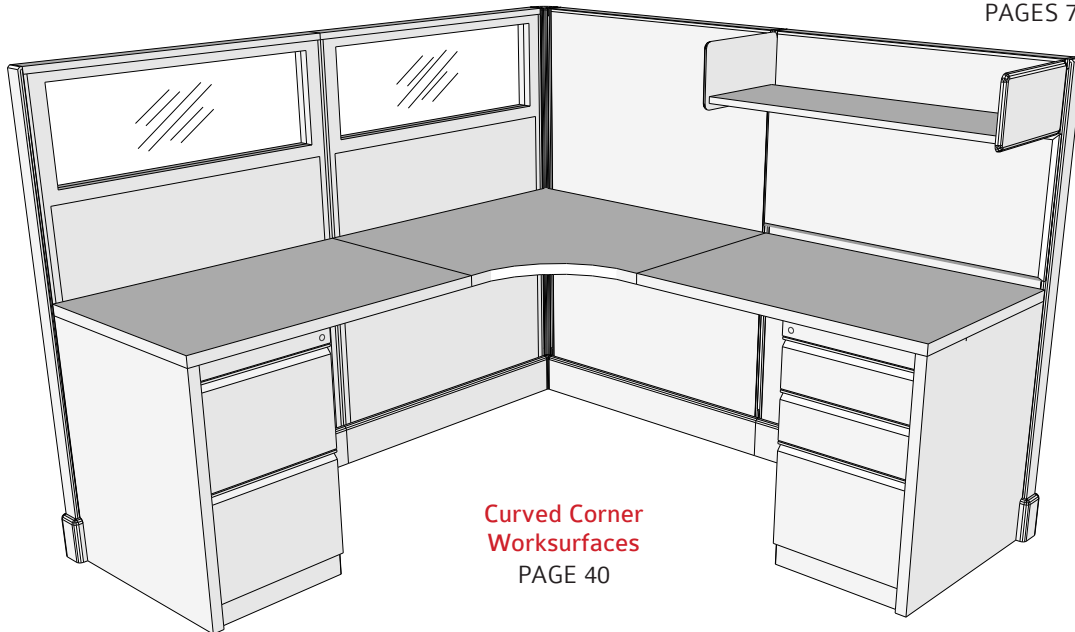

Upon request, we can provide printed and bound presentations.

TERMS AND CONDITIONS

PRICES

All prices are presented at manufacturer's list price. Dealer discounts are specified in the dealership agreement. We reserve the right to change prices without prior notice.

LEAD TIMES

Our standard lead time is 3-4 weeks for production. If expedited production is requested, please contact our Customer Service Department for information.

FREIGHT

Freight is FOB Stevens Point, WI unless otherwise specified in your dealership agreement. In the absence of other instructions, we will coordinate freight, prepay and add it to your invoice. Segmented Systems Mfg. will attempt to honor timed delivery requests, but will not be held responsible for delays with timed deliveries, unless the shipment has been guaranteed with the carrier in writing. Should an LTL shipment require the carrier to schedule a dock appointment, any additional fees will be added to the invoice.

ORDERING

Customer should send purchase orders to Segmented Systems Mfg. at CustomerService@SegmentedSystems.com, or faxed to (715) 345-2341. If your specifications were created with CAP or GIZA, please send the worksheets in PDF & SP4 with your purchase order.

TERMS

With an approved credit application, terms are net 30 days from date of invoice. Invoices are delinquent if unpaid 30 days from date of invoice. Interest will be charged at the rate of 1.5% per month, or the highest legal rate, on delinquent accounts. Credit card payments will be assessed a handling fee. Customer will also be liable for all collection costs and attorney's fees.

ORDERS

Orders are only accepted by issuance of a formal acknowledgment, and are subject to the terms set forth herein and on our order acknowledgment. It is the Customer's responsibility to review our acknowledgment for its accuracy, and to notify Segmented Systems Mfg. within 24 hours from the date of the acknowledgment of any inconsistencies. We reserve the right to substitute functionally comparable product.

SHIPPING

Segmented Systems Mfg. generally palletizes, boxes and/or stretch-wraps its products. If Customer requests additional packaging or special shipping, they are responsible for any extra costs. Customer obtains title to products and assumes the risk of loss for them upon shipment from our plant.

TRANSIT DAMAGE

Segmented Systems Mfg. is not responsible for damage suffered in transit. All merchandise is packed in an approved manner. Inspect all merchandise immediately. If a shipment is or appears to be

damaged, **STOP!** Before the driver leaves, Customer must make specific damage/shortage notes on the bill of lading and take photos at delivery before the shipment is unpacked or disturbed. If you sign the B.O.L. without noted issues you agree the shipment arrived in acceptable condition. **Freight Company assumes NO product damage liability if bill of lading is signed without notations.**

CLAIMS

Customer must make all claims against Segmented Systems Mfg. for defects, errors, or shortages in writing within 10 days after delivery. Failure to make such a claim shall constitute full acceptance.

RETURNS

Merchandise may not be returned without Segmented Systems Mfg.'s written consent and shipping instructions. Unauthorized returns will not be credited and return freight will be Customer's responsibility.

PARTIAL SHIPMENTS

Every attempt will be made to ship orders complete and on schedule. However, Segmented Systems Mfg. reserves the right to make partial shipments, as merchandise is ready. Invoices covering these shipments are to be paid as they become due.

ORDER CHANGE — CANCELLATIONS

After our detailed acknowledgment of an order, any order change or cancellation is subject to Segmented Systems Mfg.'s written approval.

DELIVERY

Segmented Systems Mfg. is not liable for delay or failure of delivery due to strikes and/or differences with workmen, war, riot, fire, compliance with government regulations, acts of nature, failure or delays of sources of supply, or any other causes beyond our control.

STORAGE

If Customer cannot accept delivery when merchandise is ready, Segmented Systems Mfg. reserves the right to transfer goods to storage. Costs of transfer and storage will be the Customer's responsibility. We will deem such transfers as constituting shipment for all purposes, including invoicing, as of the date the transfer is made.

ABOUT US

Segmented Systems Mfg. is a division of Recycled Office Environments, Inc. To learn more about what we offer, visit us online at the following URLs:

TERMS AND CONDITIONS

FINISHES

Please visit the Segmented Systems Mfg. website for current standard finishes.

CONSTRUCTION – SPECIFICATIONS

All items are produced to price list specifications unless otherwise advised. All dimensions shown are approximate. The manufacturer reserves the right to make modifications and/or improvements without prior notice.

FABRIC APPLICATION

Unless otherwise specified, fabric will be applied with the same orientation as it appears on our fabric cards and website. For example, if a pattern runs horizontally in our marketing materials, it will be applied horizontally in our manufacturing process.

Segmented Systems Mfg. is not responsible for charges associated with replacement of products due to incorrect specifications.

DIRECTIONAL LAMINATE

Laminate is typically applied with the direction of grain as follows:

- The grain runs in the direction of the back edge of corner worksurfaces (not diagonally).
- The grain runs along the length of rectangular worksurfaces.
- The grain runs vertically on support panels having widths narrower than 60" and horizontally for longer widths.

CUSTOMER'S OWN MATERIAL (COM)

Contact us regarding the use of non-standard or COM materials. Special instructions for handling the material (pattern, directional fabric, correct side of reversible fabric, etc.) must be submitted in writing prior to fabric delivery. In the absence of special instructions, we reserve the right to use our own judgment. We reserve the right to reject any covering which, in our opinion, is unsuitable for our fabricating purposes. However, in no instance shall we be held responsible for unsatisfactory results due to use of Customer's Own Material.

RIGHTS AND WARRANTIES

12 YEAR – 3 SHIFT LIMITED WARRANTY

This limited warranty is given to the initial purchaser and is valid from the date of purchase through the warranty period, provided the initial purchaser owns the product. This warranty covers defects in material and craftsmanship found during normal usage of the product. If the product is defective, and if written notice of the defect is given to Segmented Systems Mfg. within the applicable warranty period, Segmented Systems Mfg., at its option, will either repair or replace the defective product with a comparable component or product. Segmented Systems Mfg. may also opt to provide a financial settlement equivalent to the market value of a comparable component. This warranty applies to all products unless noted below, or otherwise excepted.

High wear parts, such as laminate and veneer surfaces, fabrics, and other covering material/ finishes, foam, glides, etc. are warranted for one (1) year. Segmented Systems Mfg. is not responsible for damage caused in transit or by a carrier. Segmented Systems Mfg. is not responsible for alteration to the product not expressly authorized by Segmented Systems Mfg. Product considered to be of a consumable nature such as light bulbs, light ballasts, etc., as well as "Customer's Own Material" (i.e. material

specified by the customer that is not a standard Segmented Systems Mfg. offering) is warranted for 90 days.

Segmented Systems Mfg. does not warrant the matching of finishes including colors, grain and textures.

A product will not be considered defective, and Segmented Systems Mfg. will not be obligated to replace it, if it is not installed in a proper manner (i.e. product not leveled, not secured properly, etc.).

Except as noted above, Segmented Systems Mfg. makes no express or implied warranties for any product, and in particular makes no warranty of fitness for any particular use. At Segmented Systems Mfg.'s option, product repair or replacement or a financial settlement at comparable fair market value is the customer's exclusive remedy for all product defects.

Segmented Systems Mfg. shall not be liable for consequential, economic, or incidental damages arising from any product defect. Expenses beyond the warranted product, including freight and installation services, are not covered by this warranty.

Your Segmented Systems Mfg. dealer is our partner in supporting your warranty requests. To obtain support under this warranty, please contact your authorized Segmented Systems Mfg. dealer.

NOTE:

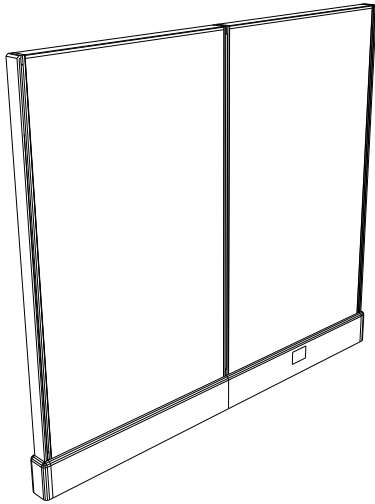

The products listed in this pricer are manufactured by, or for distribution by, Segmented Systems Mfg. Any reference or similarity to the products of an original equipment manufacturer (OEM) is not an expression of their approval or authorization.

MONOLITHIC FABRIC COVERED PANELS

DESCRIPTION

Structural non-tackable panel with fabric surfaces. Includes painted top caps and trim, and leveling glides. Available in both non-powered (**N**) and powered (**E**), with 4-circuit power installed in cable management raceway.

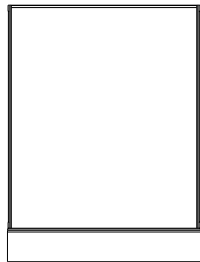

NOTES

- Electrical components, such as receptacles (Pg. 32) and connector power kits (Pg. 32), need to be ordered separately.
- Order connectors (Pg. 26-29) and change of height kits (Pg. 30-31) separately.
- Hard surface fabric covered non-tackable panel.
- For non-standard finishes, there is a \$75 upcharge. Minimums may apply for some finishes.

MONOLITHIC PARTIAL-GLAZED PANELS

DESCRIPTION

Structural panel with fabric or laminate covered lower surfaces and 14" high tempered glass top section. Includes painted top caps and trim, and leveling glides. Panels are available with both non-powered (**N**) and powered (**E**) capabilities, with 4-circuit power installed in cable management raceway.

NOTES

- Electrical components, such as receptacles (Pg. 32) and connector power kits (Pg. 32), need to be ordered separately.
- Panel glazing options are **C** Clear or **F** Frosted.
- Order connectors (Pg. 26-29) and change of height kits (Pg. 30-31) separately.
- For non-standard finishes, there is a \$75 upcharge. Minimums may apply for some finishes.

SEGMENTED PANELS

Stack your segments as you see below, or in any order you'd like!

31"H BASE PANEL

39"H BASE PANEL

31"H & 39"H BASE PANEL FINISH OPTIONS

Base Segments for 31"H & 39"H Base Panels are:

- Non-Tackable Fabric & Non-Tackable Fabric
- Laminate & Non-Tackable Fabric
- Laminate & Laminate

SEGMENT CONFIGURATIONS FOR 31"H & 39"H BASE PANEL

Refer to the diagrams above for segment size combinations per panel height. Sequences of stacking segments, segment sizes, and finish applications are customizable based off the configurations seen above. Please call for pricing and availability for custom configurations. Segments are available in the finishes and sizes below:

8" HIGH	14" HIGH	18" HIGH
Non-Tackable Fabric	Non-Tackable Fabric	Non-Tackable Fabric
Tackable Fabric	Tackable Fabric	Tackable Fabric
Laminate	Laminate	Laminate
Markerboard	Markerboard	Markerboard
	Glazed	

Glazed Panel segments are only available in 14" segments.

NOTE:

Each segment has two sides, and therefore two different materials can be specified.

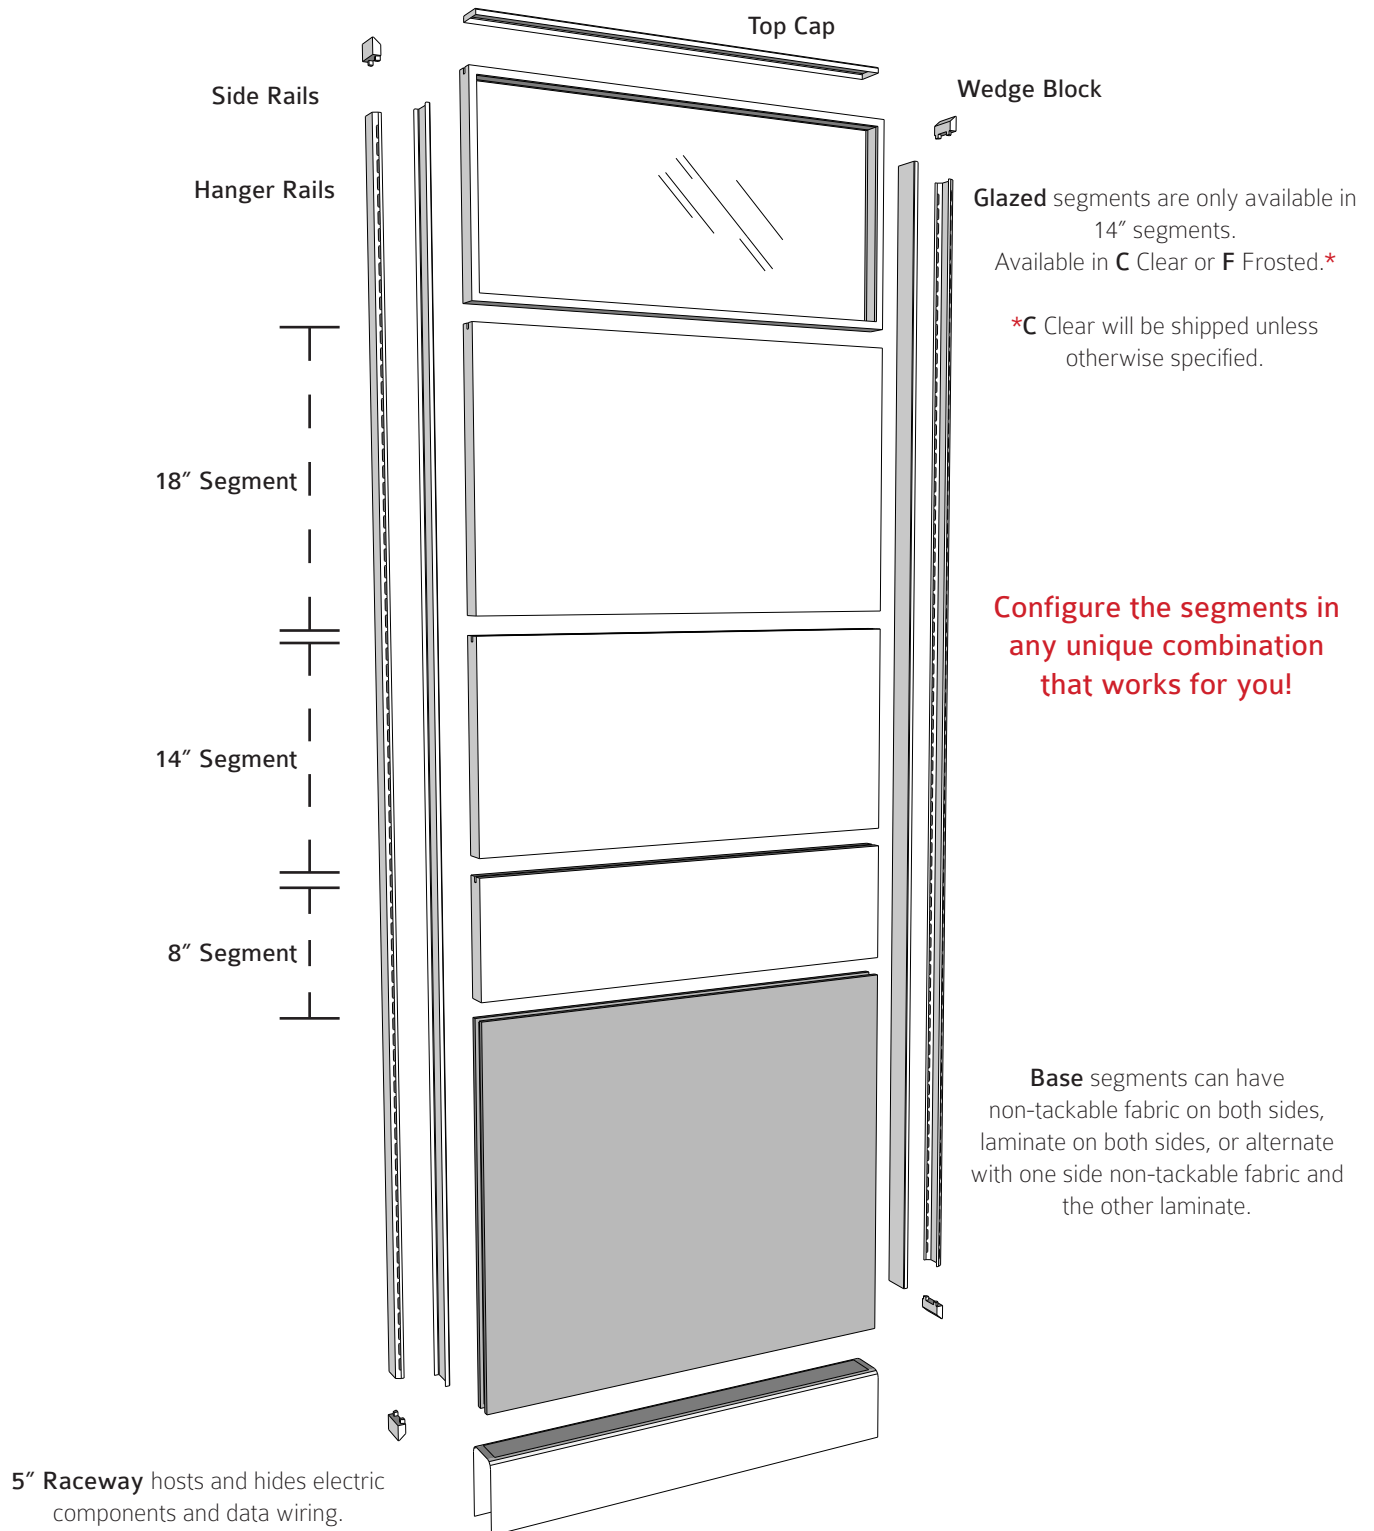

Applicable finish combinations are as follows:

- Tackable Fabric & Tackable Fabric
- Non-Tackable Fabric & Non-Tackable Fabric
- Non-Tackable Fabric & Laminate
- Laminate & Laminate
- Markerboard & Non-Tackable Fabric
- Markerboard & Laminate
- Markerboard & Markerboard
- Glazed (for 14"H segments only)

SEGMENTED PANELS

SEGMENTED PANELS: 31"H AND 39"H BASE PANELS

Segmented Panels include a 31"H or 39"H Base Panel, and additional segments in your choice of finishes and sizes to achieve a total Segmented Panel height of: 39", 47", 53", 67" or 85".

SEGMENTED PANELS

DESCRIPTION	Structural panel with the option of fabric or laminate covered base segment, with optional segments to achieve standard panel heights. Includes painted top caps and panel trim, raceway covers, and leveling glides. Available in both non-powered (N) and powered (E), with 4-circuit power installed in cable management raceway.		
NOTES	<ul style="list-style-type: none"> • 24" wide powered panels can have one receptacle per side, while 30" through 60" wide powered panels can have two. • Order connectors (Pg. 26-29), change of height kits (Pg. 30-31), and receptacles (Pg. 32) separately. • Order connector power kit (Pg. 32) separately to pass power through a 3-Way or 4-Way Connector Post. • For non-standard finishes, please call for pricing and availability. 		
FINISH SPECIFICATIONS EXAMPLE	ITEM	Part #: Dynamic Part Number – See Outline Below	
	FRAME FINISHES	<ul style="list-style-type: none"> • Trim and Top Cap Finish: SS MT • Raceway Finish: SS MT 	
	BASE/ SEGMENT FINISHES	<ul style="list-style-type: none"> • Base Panel Finish (Side 1): Finish Selection • Base Panel Finish (Side 2): Finish Selection • Segment #__ Finish (Side 1): Finish Selection • Segment #__ Finish (Side 2): Finish Selection 	

CREATING A DYNAMIC PART NUMBER

1. Every Segmented Panel **PART #** starts with **SP**
2. Total panel height: 39", 47", 53", 67", or 85"
3. Total panel width: 24", 30", 36", 42", 48", or 60"
4. Electric (**E**) or Non-Electric (**N**)

When specifying the segments of the panel, start from the bottom and work your way up. Specify the base height, then side 1 finish, then side 2 finish.

5. Base Panel height: 31"H or 39"H
6. Base Segment type: Non-Tackable Fabric (**F**)/Laminate (**L**)

Keep in mind the configuration you've chosen and the applicable finishes for the stacked segments. Specify the segment height, then side 1 finish, then side 2 finish. Stop at the step that completes your configuration.

7. First segment: 8", 14", or 18"
8. Segment type: Tackable Fabric (**T**)/Non-Tackable Fabric (**F**)/Laminate (**L**)/Markerboard (**M**)/14" Glazed (**G**)
9. Second segment: 8", 14", or 18"
10. Segment type: Tackable Fabric (**T**)/Non-Tackable Fabric (**F**)/Laminate (**L**)/Markerboard (**M**)/14" Glazed (**G**)
11. Third segment: 8", 14", or 18"
12. Segment type: Tackable Fabric (**T**)/Non-Tackable Fabric (**F**)/Laminate (**L**)/Markerboard (**M**)/14" Glazed (**G**)
13. Fourth segment: 8", 14", or 18"
14. Segment type: Tackable Fabric (**T**)/Non-Tackable Fabric (**F**)/Laminate (**L**)/Markerboard (**M**)/14" Glazed (**G**)

SP(Height)(Width)(Electrical or Non)-(Base height)(Side 1 finish)(Side 2 finish)-(First Segment height)(Side 1 finish)(Side 2 finish)...

Example: **SP6736E-31FF-8FF-14LM-14G**

Example: **SP4730N-39FF-8FM**

Refer to www.SegmentedSystemsMfg.com for finish options.

SEGMENTED PANELS

PRICING YOUR SEGMENTED PANEL CONFIGURATION

Start with the frame:

Decide whether it will be non-powered (**N**) or powered (**E**)

Then find your total panel height: 39", 47", 53", 67", or 85"

And find your total panel width: 24", 30", 36", 42", 48", or 60"

NOTE:

What's included with a non-powered (**N**) frame:

- Top Cap
- Panel Base & Raceway Covers
- Side Rails
- Hanger Rails

What's included with a powered (**E**) frame:

- Top Cap
- Panel Base & Raceway Covers
- Side Rails
- Hanger Rails
- Raceway Power

SEGMENTED PANEL FRAME INCLUDING 5" RACEWAY WITHOUT POWER

		OVERALL WIDTH					
		24"W	30"W	36"W	42"W	48"W	60"W
OVERALL HEIGHT	39"H	\$186	\$199	\$212	\$226	\$242	\$260
	47"H	\$200	\$213	\$226	\$241	\$256	\$274
	53"H	\$210	\$223	\$236	\$250	\$266	\$284
	67"H	\$261	\$274	\$288	\$302	\$317	\$335
	85"H	\$314	\$327	\$340	\$387	\$402	\$420

SEGMENTED PANEL FRAME INCLUDING 5" RACEWAY WITH POWER

		OVERALL WIDTH					
		24"W	30"W	36"W	42"W	48"W	60"W
OVERALL HEIGHT	39"H	\$321	\$337	\$358	\$376	\$406	\$490
	47"H	\$335	\$352	\$372	\$390	\$420	\$504
	53"H	\$345	\$361	\$382	\$400	\$462	\$514

	85"H	\$481	\$498	\$518	\$569	\$599	\$650

NOTE:

What you need to order separately:

- Order receptacles (Pg. 32) separately.
 - 24" wide powered panel kits have one receptacle location per side.
 - 30" to 60" wide powered panel kits have two receptacle locations per side.
- Order connectors (Pg. 26-29) and change of height kits (Pg. 30-31) separately.
- Order connector power kit (Pg. 32) separately to pass power through a 3-Way or 4-Way Connector Post.

Call for custom applications.

SEGMENTED PANELS

Now price out all of your segments. Just like creating your dynamic part number, start from the bottom and work your way up - start with your base segment then continue upwards with the rest of your additional segments.

Keep in mind the configuration you've chosen and the applicable finishes for the segments:

Fabric (F) Covered Segments

Tackable Fabric (T) Covered Segments

Laminate (L) Surface Segments

Markerboard (M) Surface Segments

Glazed (G) Segments

Segments with two finish types are calculated at the higher price.

Add the price of your panel frame, the base, and all of your segments to get the total price of your configured panel.

Panel Frame (\$)
+ Base (\$)
+ Segments (\$)
= Total Price

DOOR PANEL

DESCRIPTION

Painted frame with 36" wide lockable laminate door and 6" wide glazed side panel. Includes painted top cap and leveling glides.

NOTES

- Door hangs left or right, swings in or out, and is field changeable.
- Door panels do not accommodate cable management or power.
- Side Lite Panel glazing options are **C** Clear or **F** Frosted.
- Order connectors (Pg. 26-29) and change of height kits (Pg. 30-31) separately.
- When connecting a Door Panel to a 2 or 3-Way Connector, there will be a small gap at the base, between the trim and the door.
- Door panels are available in Light Grey (**SS LG**), Medium Tone (**SS MT**) and Dark Tone (**SS DT**). Other standard laminates may be applied over these on the faces of the door panel (excluding door edges to prevent binding). Add \$1,250 LIST.

FRAMELESS ACRYLIC GLASS

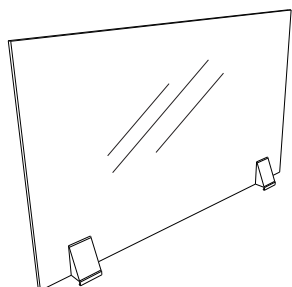

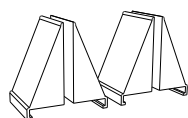

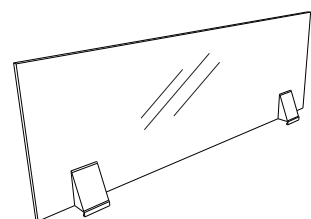

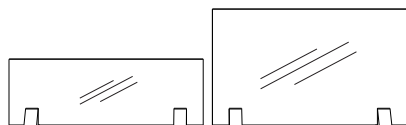

DESCRIPTION

0.25" thick acrylic glass is available in **C** Clear and **F** Frosted finishes. Ideal for applications that require a subtle divider to create visual privacy.

NOTES

- Frameless acrylic glass screens are attached to the top of a single frame with included hardware.
- Custom lengths are available to span multiple panels.
- Custom heights are available.
- Package contains two acrylic glass attachment brackets.
- Attachment brackets standard finishes are black and brushed metal.
- Brackets can be painted for a \$25 upcharge at LIST price.

CHANGE OF HEIGHT

DESCRIPTION	Panel hardware to connect and finish panels in a panel-to-panel change of height application..
NOTES	<ul style="list-style-type: none">• When connecting panels of different heights to each other, order a Change of Height Kit by the height of the shorter panel.• When storage is desired in a 180° (straight/in-line) change of height application, order a supplemental Change of Height Kit Addition.• In Connector Post applications, specify the Finished End Change of Height part alone.

FINISH
SPECIFICATIONS **Part #:** COH39
EXAMPLE

CHANGE OF HEIGHT

CHANGE OF HEIGHT KIT

A Change of Height Kit is used to attach a shorter panel to a taller panel or to a taller connecting post. This can be installed in the factory or on site by an experienced installation technician.

NOTE:

What's included with a Change of Height Kit:

- Lower height Draw Rod
- Lower height Panel Hanger Rail
- Mounting Screws
- Plastic Filler Strip (low-to-tall filler strip)

- Rod, block and rail assembly connects a shorter panel at 180° (straight/in-line) to a taller panel or connecting post.
- Order the height of the shorter panel.
- Remove Hanger Rail from taller panel or connecting post and replace with the shorter Hanger Rail.
- Finish: Dark Tone (**SS DT**)
- Overhead storage cannot be mounted to the taller panel. To mount storage from the taller panel, also specify Change of Height Kit Addition.

CHANGE OF HEIGHT KIT		
PART #	LOWER HEIGHT PANEL	LIST
COH39	39"	\$107
COH47	47"	\$115
COH53	53"	\$123
COH67	67"	\$131

CHANGE OF HEIGHT KIT ADDITION

A Change of Height Kit Addition is used when overhead storage is desired for attachment to the taller panel in a 180° (in-line) panel-to-panel change of height configuration. This addition has to be field installed after the panels are connected by the Change of Height Kit.

NOTE:

What's included with a Change of Height Kit Addition:

- Partial Panel Hanger Rail
- Wedge Block
- Mounting Screws
- Finished End Change of Height

- Finishes the exposed end of a panel when two panels of different heights meet at 180° and storage needs to mount to the taller panel.
- Must be field installed after the panels are connected.

CHANGE OF HEIGHT KIT ADDITION		
PART #	DESCRIPTION	LIST
COH-A- <u>TP</u> . <u>LP</u>	Specify taller panel height (TP), then lower panel height (LP).	\$145

Example: COH-A-67.53 Change of Height for a 67"H drop down to 53"H panel or connector.

FINISHED END CHANGE OF HEIGHT

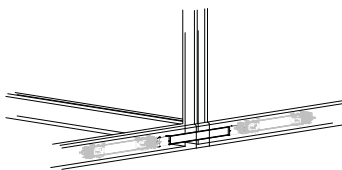

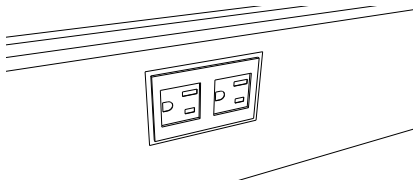

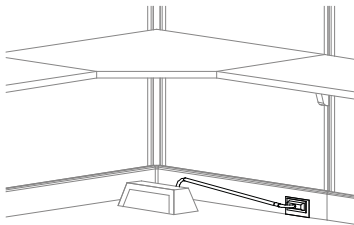

PART #	DESCRIPTION	LIST
FECH	Separate item to finish a Change of Height in a Connector Post application.	\$19

ELECTRICAL DISTRIBUTION

DESCRIPTION Parts for distributing power through the system. Distributes up to four 20-amp circuits.

NOTES • 4-Circuit

FINISH Part #: BPE
SPECIFICATIONS • Trim and Top Cap Finish: SS DT
EXAMPLE • Base Finish: SS DT

BASE POWER ENTRY DIRECT CONNECT, 4-CIRCUIT

PART #	DESCRIPTION	LIST
BPE	Angle Elbow	\$291

NOTE:

- Connects building power from a wall, floor or column to the base of a panel.
- Plugs directly into the panel's electrical harness at receptacle location and angles to the left.
- Distributes up to four 20-amp circuits.
- Includes a cable that can be field cut to the appropriate length.
- **MUST BE WIRED TO THE BUILDING POWER SUPPLY BY A LICENSED ELECTRICIAN.**

DUPLEX RECEPTACLE, 4-CIRCUIT

PART #	DESCRIPTION	LIST
RECP4.I	Circuit 1	\$29
RECP4.II	Circuit 2	\$29
RECP4.III	Circuit 3	\$29
RECP4.IV	Circuit 4	\$29

NOTE:

- Locks into panel base power harness.
- Provides access to Circuits 1, 2 & 3 with shared ground and neutral.
- Provides access to Circuit 4 with dedicated hot, neutral and ground.
- Available in Light Grey (**SS LG**), Medium Tone (**SS MT**), and Dark Tone (**SS DT**).

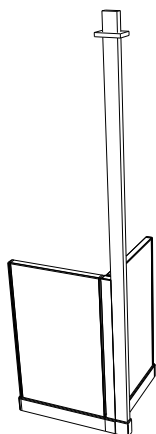

CONNECTOR POWER KIT

PART #	LENGTH	LIST
CPK.1	23"	\$75

NOTE:

- Extends power when connecting power across a 3-Way or 4-Way Connector Post.

ELECTRICAL DISTRIBUTION

CEILING POWER ENTRY INTERNAL DIRECT CONNECT, 4-CIRCUIT

CPE4.67	67"	3.5"	3.5"	\$502
CPE4.85	85"	3.5"	3.5"	\$502

NOTE:

- Connects a ceiling electrical supply to the base of a powered panel.
- Distributes up to four 20-amp circuits.
- Attaches to the end of a panel run, or to an open position in a 3-Way or 4-Way Connector Post.
- Order a Draw Rod (Pg. 26) separately for attachment at the end of a panel run.
- Includes extra capacity for data cabling.
- Includes a power harness that is factory installed in flexible conduit, conduit connector, 12' pole, bezel, and end cap trim cover.
- Available in Light Grey (**SS LG**), Medium Tone (**SS MT**), and Dark Tone (**SS DT**).
- **MUST BE WIRED TO THE BUILDING POWER SUPPLY BY A LICENSED ELECTRICIAN.**

To attach at a:

- 2-Way connection point, order a 3-Way connector
- 3-Way connection point, order a 4-Way connector

CDE.85	85"	3.5"	3.5"	\$223

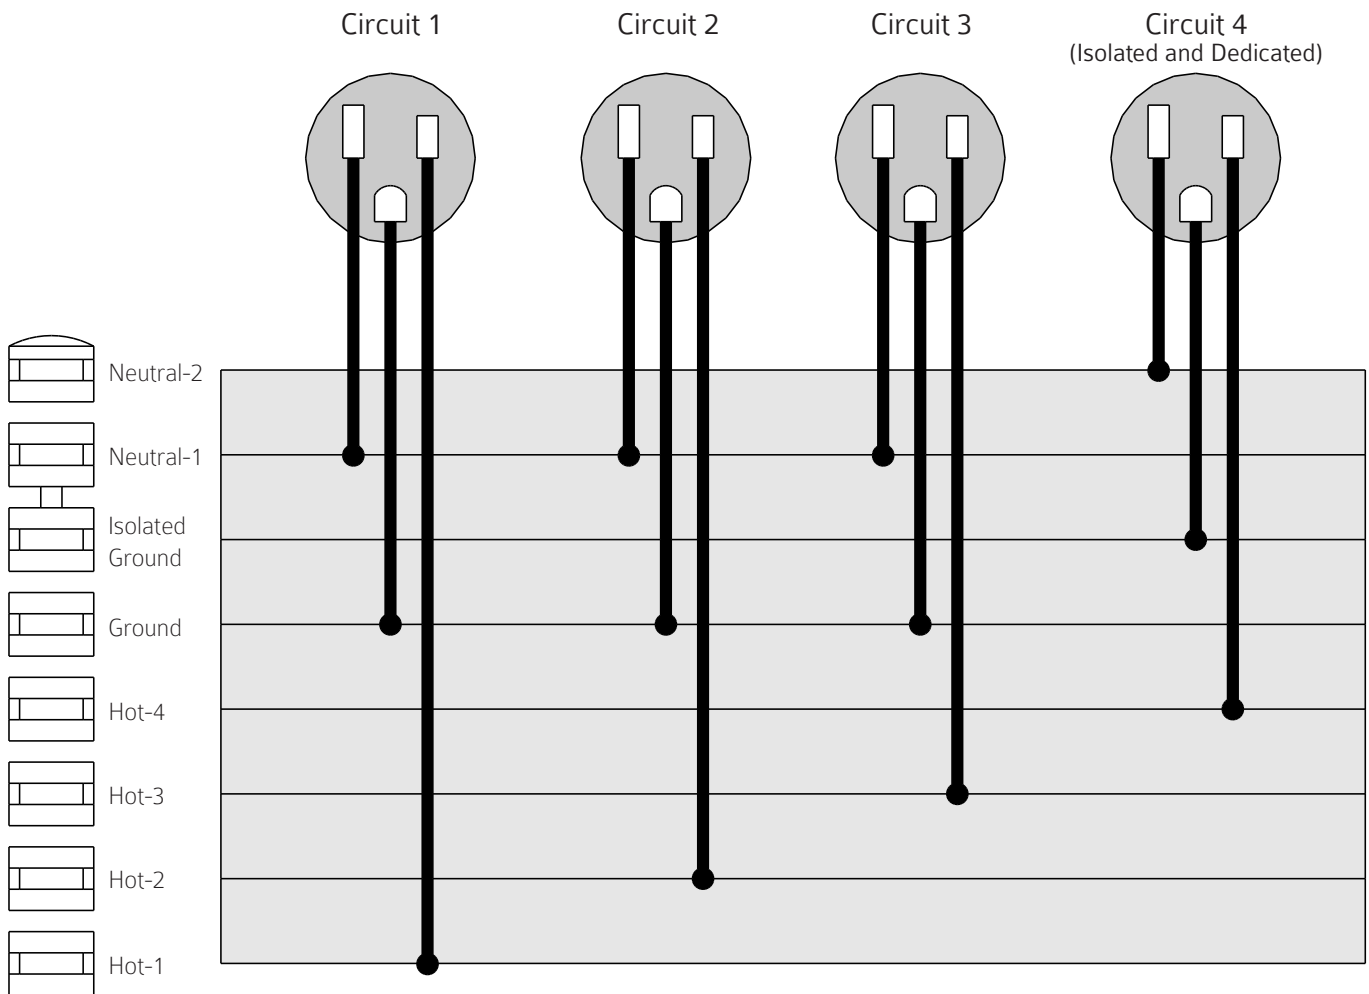

NOTE:

- Routes data/telecommunication cables from the ceiling to the base of a panel.
- Attaches to the end of a panel run, or to an open position in a 3-Way or 4-Way Connector Post.
- Order a Draw Rod (Pg. 26) separately for attachment at the end of a panel run.
- Includes a 12' pole, bezel, and end cap trim cover.
- Available in Light Grey (**SS LG**), Medium Tone (**SS MT**), and Dark Tone (**SS DT**).

To attach at a:

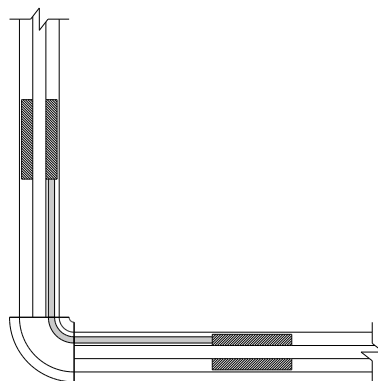

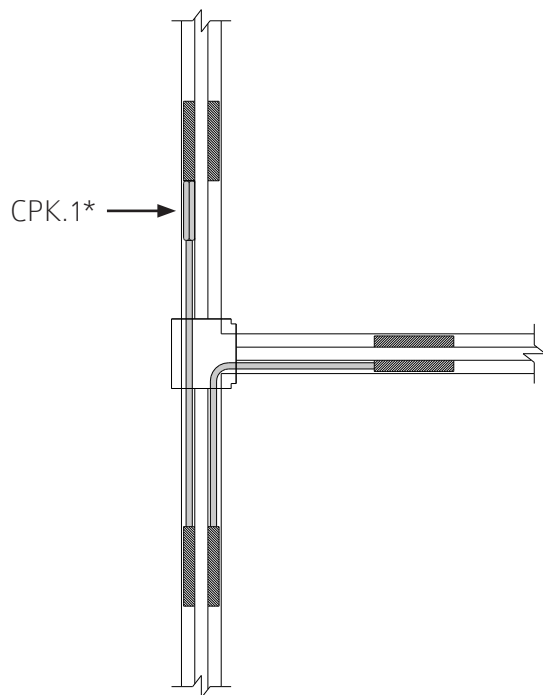

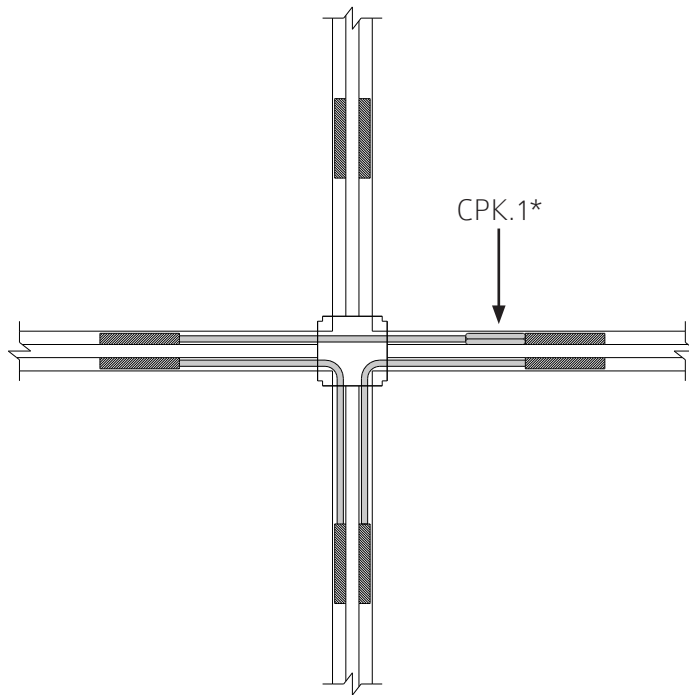

- 2-Way connection point, order a 3-Way connector
- 3-Way connection point, order a 4-Way connector

RECTANGULAR WORKSURFACES

DESCRIPTION

Worksurfaces can be supported by panels, cantilevers, columns and legs. Each has a laminate top and a PVC edge. There is approximately a 1" gap at the back of the worksurface for plug and cord passage.

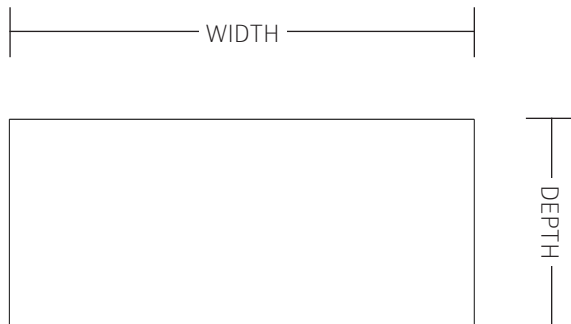

NOTES

- Grommets: Add "-G" to the end of the PART # and add \$35 (LIST price) per grommet. Standard location is the center back, 3" from the edge of the worksurface to the center of the hole. Grommets will complement the trim, unless otherwise specified.
- Specify grommet color: Black, Light Grey, or Putty
- Specify support separately.

FINISH SPECIFICATIONS EXAMPLE

Part #: RWS1824

- **Edge Finish:** WA 7909-60 Fusion Maple
- **Worksurface Finish:** WA 7909-60 Fusion Maple

NOTE:

- LIST prices are for standard laminate and PVC edge. Non-standard finishes may result in additional charges. Please call for pricing.
- Unsupported spans greater than 42" require the addition of an under-surface stiffener bar. Stiffener bars must be ordered separately. Add \$105 to LIST price and add suffix "ST" to the PART #.
- Surfaces longer than 10' will be shipped in two pieces. Please call for pricing.

90° CORNER WORKSURFACES

DESCRIPTION

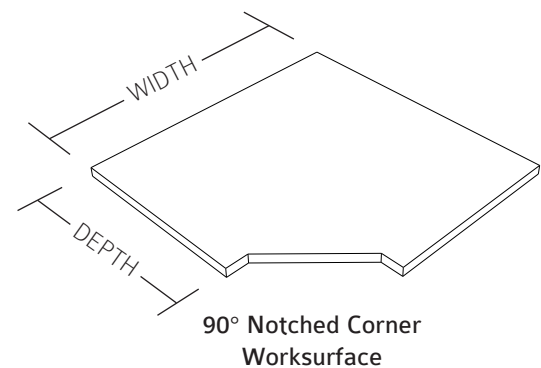

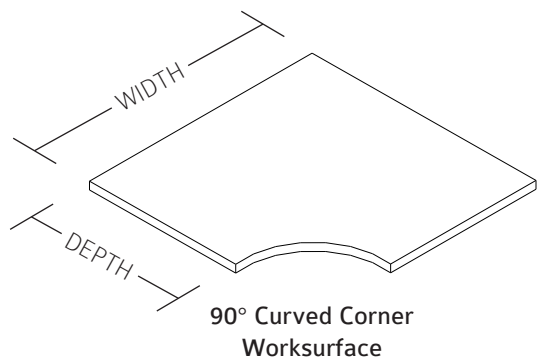

Worksurfaces can be supported by panels, cantilevers, columns and legs. Each has a laminate top and a PVC edge. There is approximately a 1" gap at the back of the worksurface for plug and cord passage. It has 24"D or 30"D connecting sides.

NOTES

- Grommets: Add "-G" to the end of the PART # and add \$35 (LIST price) per grommet. Standard location is the center back, 3" from the edge of the worksurface to the center of the hole. Grommets will complement the trim, unless otherwise specified.
- Specify grommet color: Black, Light Grey, or Putty
- Specify corner style: Curved (**CUR**) or Notched (**NTC**)
- If corner style is not specified, Curved **CUR** style will be shipped as default.
- Specify support separately.

FINISH SPECIFICATIONS EXAMPLE

- Part #:** CORWS2436
- **Corner Style:** CUR
 - **Edge Finish:** WA 7909-60 Fusion Maple
 - **Worksurface Finish:** WA 7909-60 Fusion Maple

NOTE:

- The outermost point in the "bubble" extends 6" past the Width dimension.
- LIST prices are for standard laminate and PVC edge. Non-standard finishes may result in additional charges. Please call for pricing.
- Unsupported spans greater than 42" require the addition of an under-surface stiffener bar. Stiffener bars must be ordered separately. Add \$105 to LIST price and add suffix "ST" to the PART #.

Custom sizes are offered. Please call for pricing and availability.

SPECIAL APPLICATIONS: ASYMMETRICAL WORKSURFACES

DESCRIPTION

Worksurfaces can be supported by panels, cantilevers, columns and legs. Each has a laminate top and a PVC edge. There is approximately a 1" gap at the back of the worksurface for plug and cord passage.

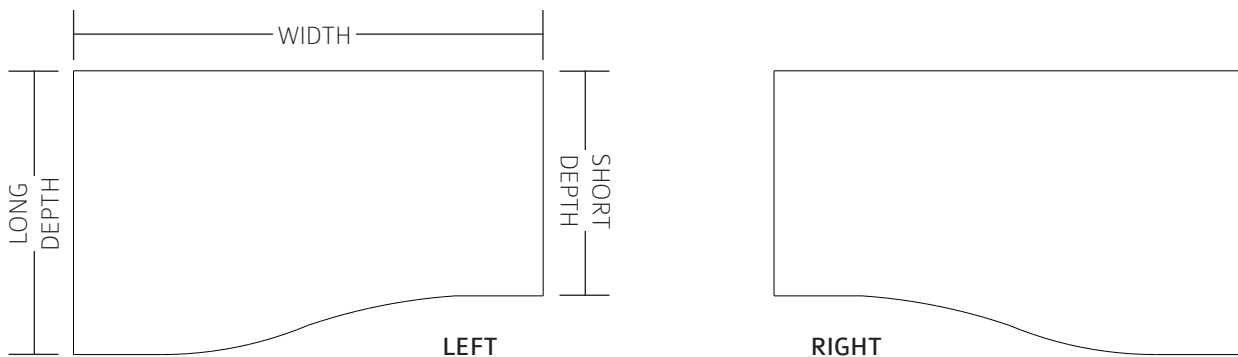

NOTES

- Grommets: Add "-G" to the end of the PART # and add \$35 (LIST price) per grommet. Standard location is the center back, 3" from the edge of the worksurface to the center of the hole. Grommets will complement the trim, unless otherwise specified.
- Specify grommet color: Black, Light Grey, or Putty
- Specify **L** for Left Extended or **R** for Right Extended
- Specify support separately.
- LIST prices are for standard laminate and PVC edge. Non-standard finishes may result in additional charges. Please call for pricing.

SPECIAL APPLICATIONS: ROUND SHAPED WORKSURFACES

DESCRIPTION

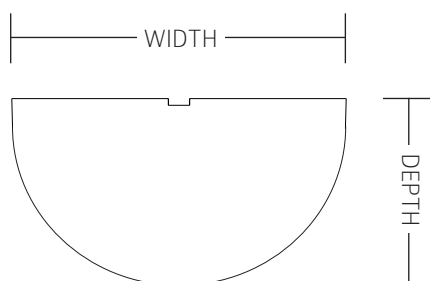

Half Circle Worksurface has a notch, and attaches to the end of two back-to-back Rectangular or Extended Corner Worksurfaces.
U-Shaped Worksurface hangs from a panel or wall strips.
Each has a laminate top and a PVC edge. There is approximately a 1" gap at the back of the worksurface for plug and cord passage.

NOTES

- Specify support separately.

FINISH SPECIFICATIONS EXAMPLE

- Part #:** SWS3050
- **Edge Finish:** WA 7909-60 Fusion Maple
 - **Worksurface Finish:** WA 7909-60 Fusion Maple

CORNER TRANSACTION WORKSURFACE

PART #	PANEL WIDTH	LIST
90TWS-A-B	Specify dimensions A & B (in inches)	(Dim. A x Dim. B) ÷ 3 = LIST
Example: 90TWS-72-48	Dimension A = 72" Dimension B = 48"	(72 x 48) ÷ 3 = \$1,152

NOTE:

- Order Corner Transaction Surface based on individual or combined panel widths.
- Maximum combined panel width in one direction is 52", with maximum combined panel width 96" in the other direction.
- Specify total width of panels of dimension A.
- Specify total width of panels of dimension B.
- Corner Transaction Surfaces can be specified with default 90° squared corners. Rounded corners can also be specified at the same price.
- LIST prices are for standard laminate and PVC edge. Non-standard finishes may result in additional charges. Please call for pricing.

SPECIAL APPLICATIONS: BOW SHAPED DESK SURFACE

DESCRIPTION

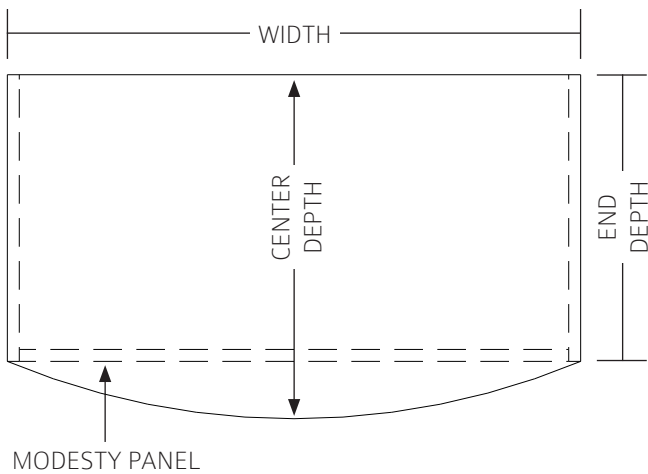

Worksurfaces can be supported by panels, cantilevers, columns and legs. Each has a laminate top and a PVC edge. There is approximately a 1" gap at the back of the worksurface for plug and cord passage. Order wire management, grommets, and other peripherals such as data communication ports separately.

NOTES

- Specify Data Communication and Power Modules separately.
- Grommets: Add "-G" to the end of the PART # and add \$35 (LIST price) per grommet. Standard location is the center back, 3" from the edge of the worksurface to the center of the hole. Grommets will complement the trim, unless otherwise specified.
- Specify grommet color: Black, Light Grey, or Putty
- Specify support separately.

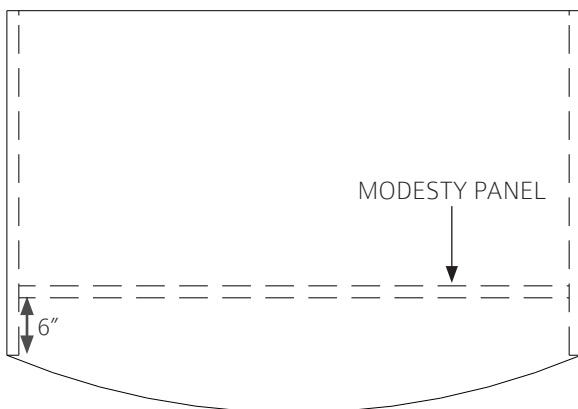

FINISH SPECIFICATIONS EXAMPLE

NOTE:

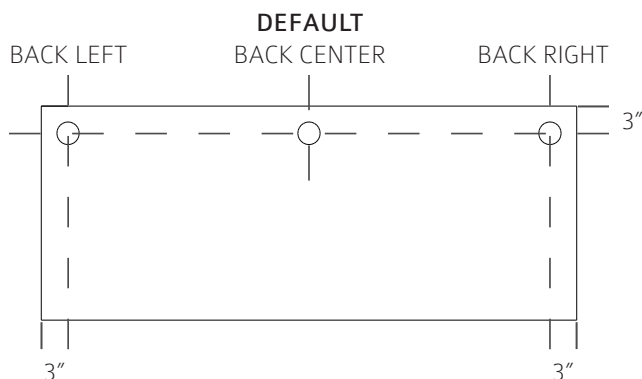

- LIST prices are for standard laminate and PVC edge. Non-standard finishes may result in additional charges. Please call for pricing.
- Unsupported spans greater than 42" require the addition of an under-surface stiffener bar. Stiffener bars must be ordered separately. Add \$105 to LIST price and add suffix "ST" to the PART #.
- A Modesty Panel, if specified additionally, can be installed in-line with or 6" in from Bowed edge corners.
- Surfaces longer than 10' will be shipped in two pieces. Please call for pricing.

Custom sizes are offered. Please call for pricing and availability.

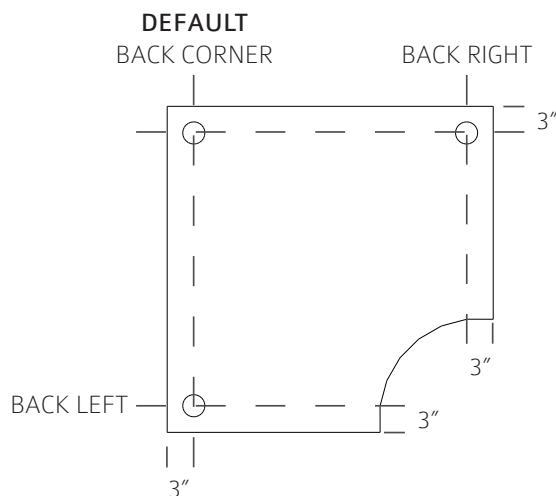

WORKSURFACE GROMMETS

Standard grommet locations are shown in the diagrams below, and differ depending on the application. Special placement is available upon request.

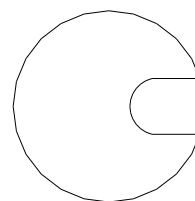

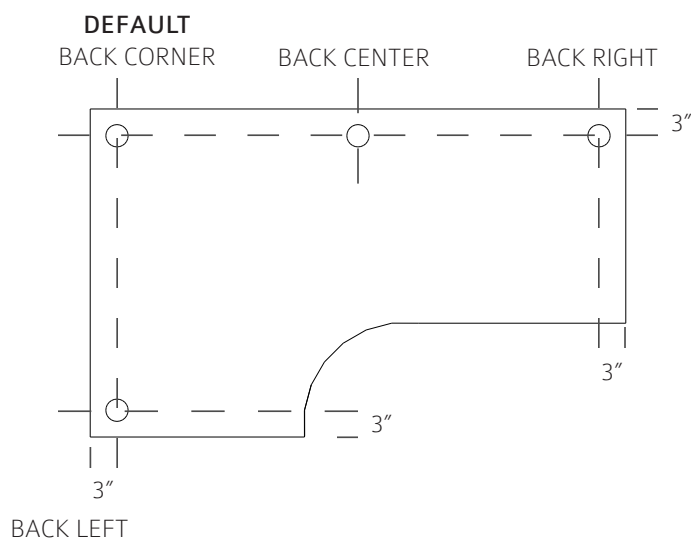

Rectangular Applications

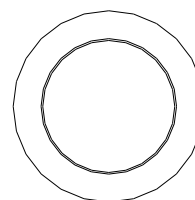

Corner Applications

Extended Corner Applications

Grommet Cover

Grommet Insert

GROMMET		
PART #	DESCRIPTION	LIST
GROM	2-piece pass through grommet, no power	\$35

NOTE:

- Fits in standard 2.5" diameter hole.
- Standard grommet locations shown in diagrams. Special placement available upon request.
- Specify grommet color: Black, Light Grey, or Putty
- Other colors available upon request for an upcharge.

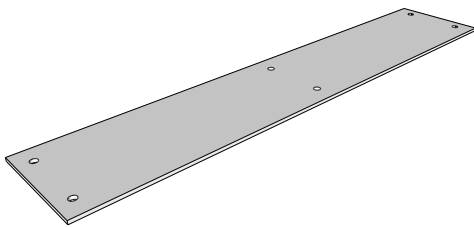

WORKSURFACE SUPPORTS

DESCRIPTION Metal worksurface supports.

NOTES

- Standard finish for Cantilever Brackets, L-Brackets, Tie Plates, Side Support Brackets, Stiffener Bars, and Flat Brackets is Dark Tone (**SS DT**).

FINISH
SPECIFICATIONS Part #: FB19
EXAMPLE

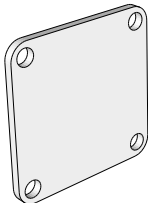

FLAT BRACKET

PART #	LENGTH	WIDTH	LIST
FB9	9"	3"	\$32
FB19	19"	3.75"	\$42
FB25	25"	3.75"	\$47

NOTE:

- Flat Brackets connect two worksurfaces when a cantilever cannot be used.

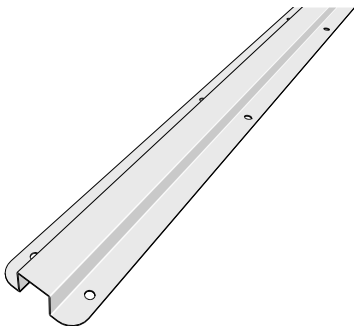

TIE PLATE

PART #	LENGTH	WIDTH	LIST
TIE	2.25"	2.25"	\$16

NOTE:

- Tie Plates are used to keep flush the front edges of two adjoining worksurfaces.

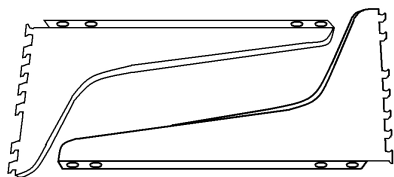

STIFFENER BAR

PART #	WIDTH	LIST
STIFFENER	57"	\$105

NOTE:

- Use them on unsupported spans of 42" or more. Segmented Systems Mfg. recommends surfaces be supported every 42".
- Stiffener Bars will help keep worksurfaces straight and true, and prevent worksurfaces from bowing.
- **STIFFENER BARS ARE NOT A REPLACEMENT FOR PROPER SUPPORT.**

WORKSURFACE SUPPORTS

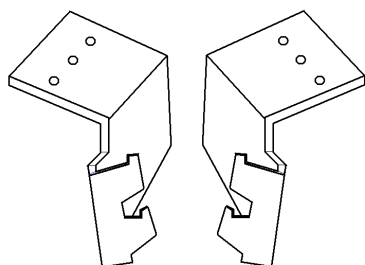

CANTILEVER SUPPORT BRACKET

PART #	DESCRIPTION	LIST
CANT18	For 24"D WS	\$126
CANT24	For 30"D WS	\$152

NOTE:

- Cantilevers support 24" or 30" worksurfaces hung from panels. Actual size is 16-1/4" for 24" worksurfaces and 22-1/2" for 30" worksurfaces.
- Sold by the pair.
- Finish: Dark Tone (**SS DT**)

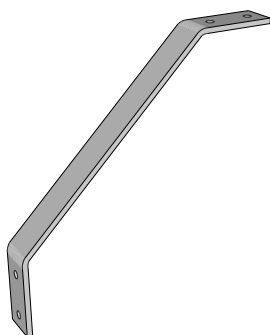

SIDE SUPPORT/CORNER SUPPORT BRACKET

PART #	DESCRIPTION	LIST
HM SSB	Side Support Bracket	\$52

NOTE:

- Brackets are right or left handed, and are used in pairs as side support brackets as well as corner support.
- Sold by the pair.

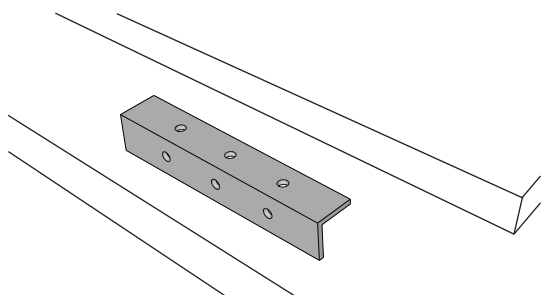

ANGLE BRACKET

PART #	DIMENSION	LIST
ANGLE	9.625" x 9.625" x 1.25"	\$20

NOTE:

- Angle Brackets connect worksurfaces to another support unit such as an end panel or a modesty panel.
- Works in conjunction with the L-Bracket.

L-BRACKET

PART #	DIMENSION	LIST
LB	6" x 1.25" x 1.25"	\$20

NOTE:

- L-Brackets connect worksurfaces to another support unit such as an end panel or a modesty panel.
- Works in conjunction with the Angle Bracket.

WORKSURFACE SUPPORT PANELS

DESCRIPTION Provides support to the worksurface.

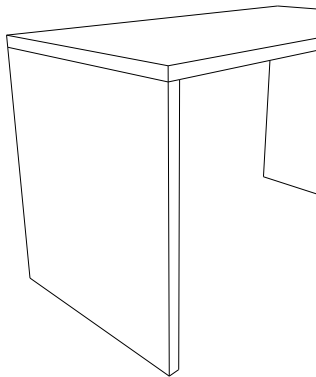

NOTES

- Non-handed panel supports, with PVC edge. Add 15% to LIST for laminate edges.
- Attached to worksurface using L-Brackets and Angle Brackets (both included).
- Includes leveling glides and attachment hardware.
- End Panels are 1-1/4" thick.
- End Panels are finished on the front, back and top edges, unless otherwise specified. This does not include the Black Center Support End Panels.
- For wood grain laminates, the grain will run vertical on all end panels 60" or less.

UNP163.02BK	Light Cord Manager	\$2

NOTE:

- Clips in between two panels and holds the task light cord firmly.
- LIST price is for one individual clip, whereas most applications require more.
- For best performance, a minimum of 2 clips per Task Light is needed.
- Finish: Black

WIRE MANAGER

PART #	DESCRIPTION	LIST
WM2	Wire Manager (per linear foot)	\$21

NOTE:

- Under surface Wire Manager is used underneath a worksurface to route cords and cables neatly and allows easier access to them.
- Can be attached using a double sided adhesive tape, or staples.
- Finish: Black (extruded PVC)

TACKABLE PRIVACY SCREENS

DESCRIPTION

Tackable board is covered on both sides with your choice of fabric from the offering available for Cushion Top Mobile Pedestals (Pgs. 87, 119). Brackets and fasteners are included which allow the screen to be fastened to the underside of the worksurface.

NOTES

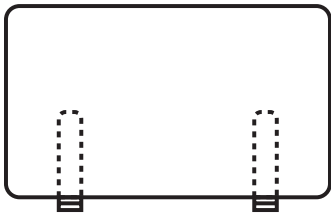

- Please note that tackable privacy screens may not be added to a desk when modesty panels are in use because the screen mounting brackets interfere with the modesty panel location.

FINISH SPECIFICATIONS EXAMPLE

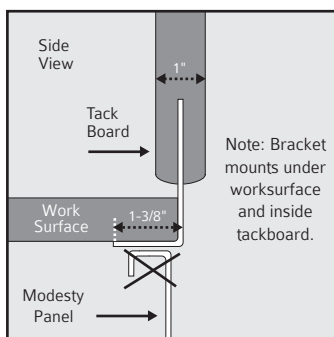

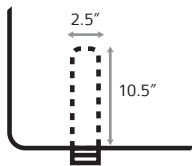

Part #: SPR 24–7P

Quantity: 1

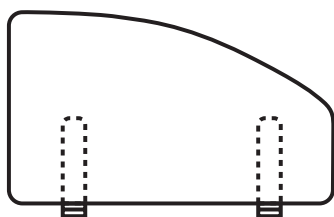

- Finish:** Bryant Park Crocodile (7P)

Dotted lines indicate hidden mounting brackets.

Cannot be used with modesty panels.

Scalloped-shaped tackable screens are offered. Please call for pricing and availability.

11"H RECTANGULAR TACKABLE SCREEN

PART #	HEIGHT	DEPTH	WIDTH	WEIGHT	LIST
SPR 24	11"	1"	23"	7 lbs.	\$555
SPR 30	11"	1"	29"	8 lbs.	\$622

SPR 66	11"	1"	65"	16 lbs.	\$1,031
SPR 72	11"	1"	71"	19 lbs.	\$1,122

NOTE:

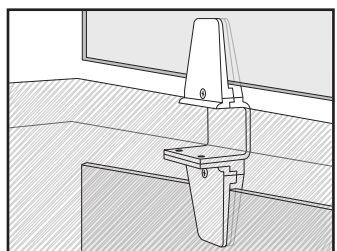

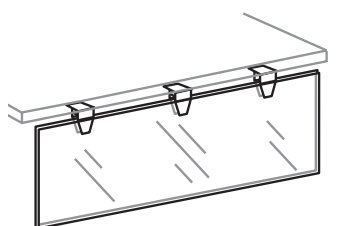

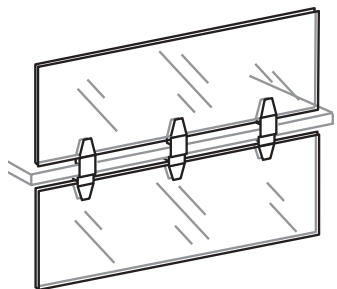

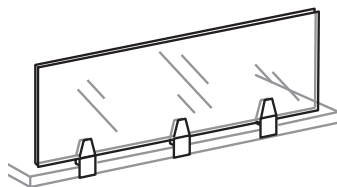

- 12 gauge metal mounting brackets slide between these back-to-back tackable boards and are hidden from sight (see cut-away diagram below).
- Screens 35" and narrower include two mounting brackets.
- Screens 41" and wider include three mounting brackets.
- Privacy screen widths may be matched to that of the corresponding worksurface size.
- Screens measure one inch less than the worksurface widths to allow for even spacing between screens, wire management, and cornering applications.

ACR 1172	12.5"	71"	72" Acrylic Modesty Screen	9.59 lbs.	\$824

NOTE:

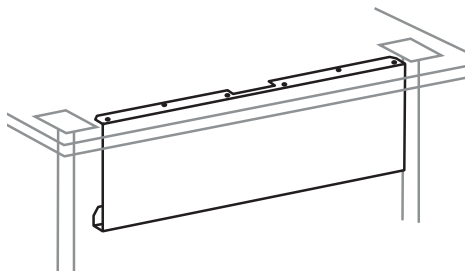

- Frosted acrylic screens are 0.25" thick.
- Panel widths are designed to be 12" narrower than the worksurface (6" inset on each side).
- Widths are 1" less than nominal to allow for 0.5" set-back on each side.
- Screens 54" and smaller include two aluminum brackets.
- Screens 60" and wider include three aluminum brackets.
- These brackets may be paired with privacy screen brackets shown above.

MODESTY PANELS

NOTE:

- Laminate Modesty Panels are 1-1/4" thick.
- Laminate Modesty Panels come with adjustable leveling glides.
- Attachment hardware to attach to worksurfaces – L-Brackets and Angle Brackets – is included.
- Laminate Modesty Panels are finished in matching PVC edge when possible. Otherwise, a laminate edge can be used with self-edge upcharges.
- For wood grain laminates, the grain will run vertical on all Modesty Panels 60" or less.

NOTE:

- Metal Modesty Panels are solid and do not include any perforations.
- Wire management tray at bottom is 2" deep.
- Fasteners to attach to worksurfaces are included.
- Metal Modesty Panels are designed to be in-set 6" from each side of the worksurface.
- Specify metal color code as suffix to PART #. Refer to www.SegmentedSystemsMfg.com for finish options.

NOTE:

- We can paint to match any of the aforementioned OEM paint colors.
- To view a comprehensive list of paint colors, please refer to our finish selections found on our website.
- **Custom colors:** No minimum order size. Custom color upcharge is applied and lead times may extend depending on availability.
 1. Along with your purchase order, please send us a color code, metal chip, paper, or laminate sample.
 2. We will work with our paint suppliers to find a match, and send you a recommended sample for your approval.
 3. After you approve, we will send an acknowledgment and apply the COM paint to your choice of product.
- Two-tone cabinets are available, with fronts painted in one color and the rest of the body painted a different color. Call our authorized dealer for pricing.

DOMESTIC STORAGE: SPECIALTY FRONTS & OPTIONS

PRODUCTS AVAILABLE WITH LAMINATE FRONTS:

Any of the following cabinets may be special-ordered to include factory-installed laminate fronts. Laminates may be one of our standards or a special-ordered laminate and 3mm PVC edge band.

Laminate wood grain is positioned vertically on all fronts, including tower doors. Laminate fronts must be specified to include any one of our loop pulls. LL Series locks are included as standard. When ordering more than 50 of any single laminate size, please call your dealer for a quote.

SPECIALTY FRONTS & OPTIONS	
PRODUCT	NOTES
Two drawer cabinet - any width	Drawer fronts are full width, and the lock is located in the bottom drawer.
BBF/FF/BF	Pedestal drawer fronts and lock strip will be laminate. Cushion pedestals will not include a loop pull on the lock strip. Not available on 3" pencil drawers.
Box/File - any width 2-high lateral - any width 3-high lateral - any width 4-high lateral - any width 5-high lateral - any width 6-high lateral - any width	Lateral drawer fronts and lock strip will be laminate.
Cupboard wardrobe tower - any height	Laminate drawer and door fronts are full width. The tower top and base are both visible from the front of the cabinet, and will be metal.

DOMESTIC STORAGE: LOCK PROGRAM & CONSTRUCTION

LOCK PROGRAM SERIES						
	UM	LL	SL	ML	HW	K
						
	Black Patent	Satin Nickel, Scalloped	Black Scalloped	Black Scalloped	Satin Nickel, Scalloped	Black Patent
Compatible with:	Herman Miller	None	Haworth SL (Not available on Hutch systems)	Haworth ML (Not available on Hutch systems)	Haworth HW	Knoll Series

NOTE:

- LL Series is Segmented Systems Mfg.'s default.

KEY-ALIKE PROCESS AND CHARGES:

- Your key-alike request can be ordered on the original purchase order or under separate cover.
- Key-alike requests for the UM, SL, LL and K Series locks are processed at no charge as long as the quantity of key/core sets match the quantity of cabinets.
- When including the UM, SL and LL Series locks, products will be shipped with randomly assigned cores/keys. Your key-alike requests for all lock series will be shipped separately and labeled to allow for easy change-out in the field, after the product is installed.
- A core-removal key is provided at no charge with each key-alike request.
- Additional keys, cores, master keys, and core keys may be purchased separately. The cost is \$30 LIST per item, plus \$15 net for shipping costs.

GENERAL CONSTRUCTION

- All our metal products meet or exceed applicable ANSI-BIFMA standards for safety and durability.
- Our warranty ensures long-lasting performance and after-sale support.
- Welded steel frame construction and formed channels ensure strength.
- Reinforced vertical and horizontal channels ensure dimensional stability.
- A safety interlock mechanism is included, allowing only one drawer to open at a time.
- Counterweight is included as a standard in two drawer cabinets and roll-out shelf cabinets. Low storage cabinets that do not include roll-out drawers or shelves do not need counterweight.

METAL GAUGE

- For low storage cabinets, bottom channels are 16 gauge, top channels and shelves are 18 gauge, side channels, side panels, top, fronts, and drawer bins are 20 gauge.
- For towers, side channels are 20 gauge, side and back panels are 21 gauge, bottom pans and shelves are 18 gauge, tops are 21 gauge, and doors are 20 gauge.

OVERHEAD STORAGE

- It is exclusively the responsibility of the installer to ensure that the panels and wall-mounted brackets are properly and safely anchored.
- Overhead cabinet end panels consist of 16 gauge steel, shelves and tops are 18 gauge steel, and doors are 20 gauge steel.
- Shelf weight restrictions are as follows:
 - 24" Overhead: 60 lbs.
 - 30" Overhead: 75 lbs.
 - 36" Overhead: 90 lbs.
 - 42" Overhead: 105 lbs.
 - 48" Overhead: 120 lbs.
 - 54" Overhead: 130 lbs.
 - 60" Overhead: 150 lbs.

DOMESTIC STORAGE: PEDESTALS

NOTE:

Selected storage cabinets are pre-configured into credenzas so you may order them using a single part number.

- Each credenza includes:
 - 2 low storage cabinets
 - 1 common laminate top with ganging kit
 - 1 credenza center leg support (total of 5 legs)
- Credenzas must be assembled in the field.
- Cabinets are unhandled so may be configured on left or right side or facing opposite directions.
- To access the wire management corridors in either cabinet, laminate tops may be special ordered to include grommets. Please call for pricing.
- Refer to www.SegmentedSystemsMfg.com for finish options.

DOMESTIC STORAGE: CREDENZA

NOTE:

Create your own credenza by ordering any two Low Storage cabinets with the appropriate common top.

- Laminate top is 0.625" thick and includes pre-drilled holes for easy assembly.
- Order two no-top cabinets to be assembled with a common top in the field.
- Includes ganging kit for bolting two Low Storage cabinets together.
- Tops do not include grommets.
- If grommets are needed in tops to access wire management corridors, please call for pricing.
- Refer to www.SegmentedSystemsMfg.com for finish options.

DOMESTIC STORAGE: LOW STORAGE ACCESSORIES

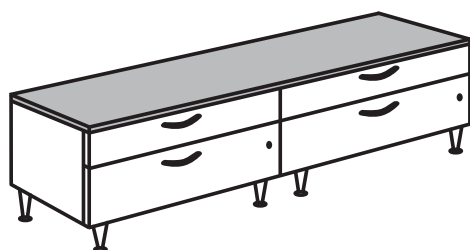

CREDENZA CENTER LEG SUPPORT

PART #	DESCRIPTION	LIST
CYPX 0050	One splice plate with center leg	\$67

NOTE:

Create your own credenza by ordering any two Low Storage cabinets and using this Credenza Center Leg Support to:

- Gang the two cabinets tightly together, side-by-side.
- Eliminate the four legs in the center and replace them with this single support leg.
- Must be used in conjunction with a top.
- Support leg sits in the center, front-to-back, so it's not visible to users.
- Support leg is always round, regardless of the cabinet leg style.
- Kit includes splice plate, round center leg, fasteners and instructions.

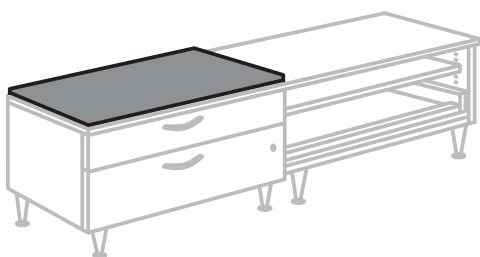

TOP WITH GANGING KIT

PART #	DESCRIPTION	LIST
CSP 01K	Kit to gang cabinets together	\$67

NOTE:

- When sourcing your own Low Storage laminate top, use this kit to gang the cabinets together.
- Ganging kit includes splice plate, fasteners, and instructions.
- Does not include center leg support.

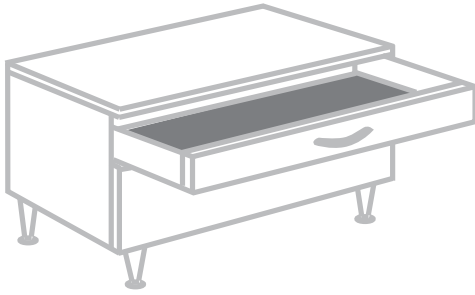

CUSHION

FLT 0542	38.5"	16"	Pkg. of five liners for 42"W drawer	\$214

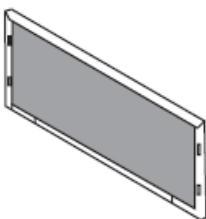

NOTE:

- Dividers fit inside 6" lateral drawer bins to create sectioned drawer space.
- 16" depth divider fits front-to-back in drawer bin.
- Magnets attach to front and back of drawer bin and will work in conjunction with Felt Drawer Liners.
- Finish: Black

MAGNETIC DRAWER DIVIDERS - 6" DRAWER

PART #	PULLS	DESCRIPTION	LIST
LFM 40042K	A, Q, S, Y	Pkg. of four 16"x4" dividers	\$110

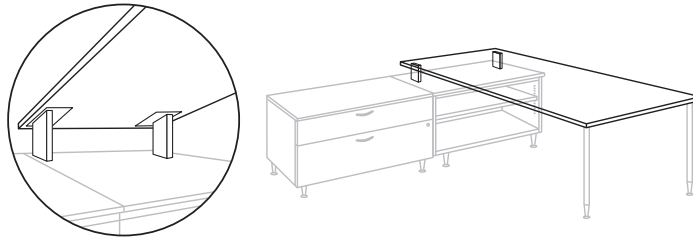

LOW STORAGE - DRAWER FRONT FILLER

PART #	DESCRIPTION	LIST
Add suffix "U"	One drawer front filler	\$85

NOTE:

- Lateral drawers may be upgraded to include a closed cell polyethylene filler piece that adheres to the inside of the drawer front for improved sound dampening.
- Drawer Front Filler upgrades, priced per drawer, will be added to the product LIST price.

LEGS FOR BENCHING & HOTELING STATIONS

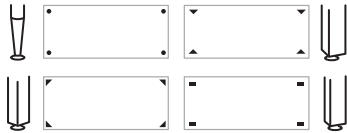

FLOATING TOP SUPPORT

PART #	H	W	D	DESCRIPTION	LIST
FLTS	5.5"	2.5"	1.125"	Two support legs	\$201

NOTE:

- Sits on top of low storage cabinet with laminate top. May not be used on a storage cabinet with metal top.
- With 0.625" laminate top on the cabinet, and 1.25" desk top, desk will finish at 29" high.
- No leveling glide adjustability.
- Includes top mounting plate with fasteners.
- Mounting bracket that sits on the storage cabinet may be secured with double sided tape to avoid scarring the cabinet top. Screws and drill template are also included.

Suggested Leg Orientation

NOTE:

- Each of the four leg styles are available as desk or peninsula legs.
- Finish is nickel, which matches the finish on cabinet legs.
- Includes 5"x5" mounting plate and fasteners.
- Desk leg leveling glides allow for at least 0.5" adjustment.
- See diagram for suggested leg orientation.

NOTE:

- Drawer load capacity applicable to 30"W, 36"W & 42"W drawers: 125 lbs.
- Full-width, square edge drawer fronts.
- 5-high and 6-high include top flipper door that stows over-the-top, revealing either a roll-out or fixed shelf.
- Flipper compartment features inside clear height of 13.5" for binder storage.
- Counterweight is required if not ganged together or otherwise anchored.
- Laminate tops are sold separately for individual laterals and laterals paired side-by-side or back-to-back. Please note that a laminate top may not be placed on top of a lateral that includes a flipper door on the top opening.
- Four leveling glides with 1.25" adjustment are included to ensure proper drawer alignment and operation.
- Inside clear drawer bin heights for laterals
 - Top flipper door compartment: 13.25"
 - Drawer positioned immediately below a lock strip: 10.43"
 - All other drawers: 10.75"
- Refer to www.SegmentedSystemsMfg.com for finish options.

DOMESTIC STORAGE: LATERAL FILES

Metal Top

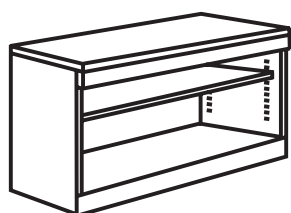

Cushion Top

NOTE:

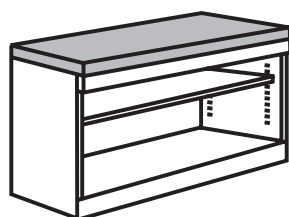

- Includes one 6" drawer and one 12" drawer.
- Cushion top is mechanically fastened to the lateral prior to shipment. Cushions are 1.5" thick and include an enclosed wooden base.
- Box/File Laterals require a counterweight unless they are ganged back-to-back with another lateral file or otherwise tethered to a permanent structure. Without counterweights, ganging Box/File Laterals side-by-side will not ensure stability.
- Refer to www.SegmentedSystemsMfg.com for finish options.

JL		D240	????	51.375"	42"	18.25"		\$2,715

NOTE:

- Inside drawer height clearance for 6" drawers is 5.625".
- All other features identical to standard lateral files.
- Counterweights (Pg. 101) are sold separately.
- 6" drawer dividers (Pg. 103) are sold separately.
- Refer to www.SegmentedSystemsMfg.com for finish options.

Concerning Counterweight:

- Laterals with all 6" drawers require no counterweight.
- Laterals with a combination of 6" drawers and 12" drawers do require counterweight if not ganged together or otherwise anchored. Select counterweight by the height of the cabinet, rather than number of drawers:
 - 28.375"H = 2-high
 - 39.875"H = 3-high
 - 51.375"H = 4-high

JL		G698	????	77.375"	42"	18.25"	2-high shelves	\$3,477

NOTE:

- Includes one UM series lock.
- Drawers are 12" in height.
- Units with 2-high shelves allow binder storage on one shelf.
- Units with 3-high shelves allow binder storage on two shelves.
- Counterweights are required in some models, and are included as a standard.
- All drawer fronts and bins are standard height.
- Refer to www.SegmentedSystemsMfg.com for finish options.

DOMESTIC STORAGE: LATERAL ACCESSORIES

LATERAL FILE GANGING KIT

PART #	DESCRIPTION	LIST
LME 100010K	Kit to gang two laterals	\$67

NOTE:

- Rather than install a counterweight, an alternate method of ensuring lateral file stability is to gang two or more laterals together side-by-side or back-to-back.
- Ganging kit includes a drill template, screws, and instructions.

LATERAL FILE COUNTERWEIGHTS

OPTION	PART #	DESCRIPTION	LIST
Factory Installed	Add suffix "W" to the lateral file PART #	30" Box/File drawer counterweight	\$195
		36" Box/File drawer counterweight	\$232
		42" Box/File drawer counterweight	\$275
		2 drawer counterweight	\$207
		3 drawer counterweight	\$207
		4 drawer counterweight	\$165
		5 drawer counterweight	\$165
		6 drawer counterweight	\$79
Field Installed	TRA 2300	30" Box/File drawer counterweight	\$342
	TRA 5500	36" Box/File drawer counterweight	\$439
	TRA 6500	42" Box/File drawer counterweight	\$506
	TRA 2300	2 drawer counterweight	\$342
	TRA 2300	3 drawer counterweight	\$342
	TRA 4500	4 drawer counterweight	\$281
	TRA 4500	5 drawer counterweight	\$281
	TRA 4500	6 drawer counterweight	\$134

NOTE:

- In order to satisfy ANSI-BIFMA standards for stability, counterweights are required for all lateral files that include roll-out drawers or shelves if they are not ganged together or otherwise anchored.
- Fixed shelf lateral files do not require counterweights, nor do lateral files that are anchored to a wall or ganged together. See specific lateral file descriptions to determine counterweight requirements.
- Counterweights are sold separately from lateral files.
- Field installed counterweights are shipped separately to be installed at the work site.

DOMESTIC STORAGE: LATERALS ACCESSORIES

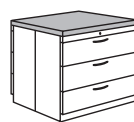

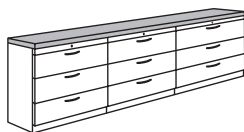

NOTE:

- Option for factory installed or field installed, where top will be shipped separately.
- When factory installed, LIST price shown will be added to the accompanying lateral price.
- A laminate top may not be placed on a lateral that includes a flipper door in the top opening.
- Metal top is not included when using a laminate top.
- Finish height of lateral file will be 1.25" taller than the height of a standard lateral file with metal top.
- Please specify a SS Mfg. standard laminate and edge. Refer to www.SegmentedSystemsMfg.com for finish options. Special order laminates may require an upcharge; please call for details.
- Laminate tops used on individual lateral files are sized to be flush with the sides of the lateral, so that individual laterals installed side-by-side will have no gaps between units.

	TL 3784	84.5"	37"	(4) 42" laterals	\$1,470

NOTE:

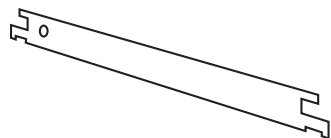

- Laminate tops for multiple lateral files are ordered separately for field installation.
- A laminate top may not be placed on a lateral that includes a flipper door in the top opening.
- These laminate tops will fit ONLY Segmented Systems Mfg. Domestic Lateral Files.
- Please specify a SS Mfg. standard laminate and edge. Special order laminates may require an upcharge; please call for details.
- Top sizes allow for 0.25" overhang on all sides.

DOMESTIC STORAGE: LATERALS ACCESSORIES

MAGNETIC LABEL

PART #	DESCRIPTION	LIST
TGOX 000 11K	Pkg. of 10	\$49

NOTE:

- Conversion bars allow for front-to-back filing in 18.25" and 17.375" deep lateral files. Use 2 bars each in 36" and 42" lateral drawers for legal size filing.

STANDARD LATERAL FILE CONVERSION BAR

PART #	DESCRIPTION	LIST
LME 4500 19	Pkg. of 4	\$43

"How many standard file conversion bars do I need?"

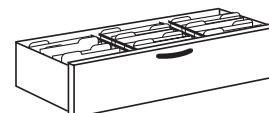

30"W Lateral

- 2 file conversion bars per drawer
- 15.5" x 2 rows = 31" filing space

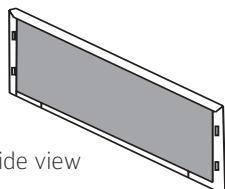

36"W Lateral

- 2 file conversion bars per drawer
- 15.5" x 2 rows = 31" filing space

42"W Lateral

- 4 file conversion bars per drawer
- 15.5" x 3 rows = 46.5" filing space

Inside view

DRAWER FRONT FILLER - LATERALS

PART #	PULLS	OPTION	LIST
Add suffix "U"	A, B, D, F, H, I, N, P, Q, S, Y	LIST per drawer	\$85

NOTE:

- Pedestals with box or file drawers may be upgraded to include a closed cell polyethylene filler piece that adheres to the inside of the drawer front for improved sound dampening. (3" pencil drawers are enclosed as standard with a formed metal piece.)
- Drawer Front Filler upgrades, priced per drawer, will be added to the product LIST price.

FELT DRAWER LINER

PART #	W	D	DESCRIPTION	LIST
FLT 0130	26.5"	16"	Pkg. of one liner for 30"W drawer	\$214
FLT 0136	32.5"	16"	Pkg. of one liner for 36"W drawer	\$214

DOMESTIC STORAGE: TOWERS ACCESSORIES

WARDROBE DOME TOP		
PART #	DESCRIPTION	LIST
Add suffix "DT"	Metal	\$543

NOTE:

- Metal dome fits any 23.5"x23.5" tower.
- Dome top is factory installed.
- 5" is added to the finish height when applied to a tower.
- Also available with translucent acrylic insert "TL".
- This accessory price will be added to the tower LIST price.
- Because the dome top carries a square front vertical edge, it is not recommended for use on cabinets that include radiused door and drawer fronts.
- Towers ordered with dome tops require a 3-week lead time.

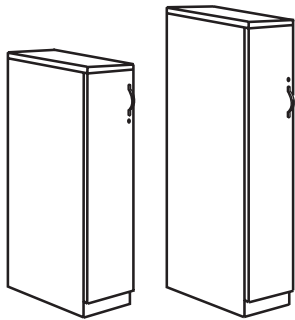

WORKSURFACE SUPPORTING BRACKET	
PART #	LIST
Add suffix "R" to the wardrobe or pedestal PART #	\$122

NOTE:

- May be added to any bookcase wardrobe tower or bookcase tower with side bookcase.
- May not be used on cupboard tower.
- Worksurface Supporting Bracket is factory installed only.
- Supports 1.25" worksurface at 27.75" finish height.
- Black bracket is 17" wide and extends 3".
- Three mounting holes for worksurface attachment.
- Modesty panel not available for this application.
- This accessory price will be added to the tower LIST price.

MBS 4277	????	77.375"	42"	13.375"		\$1,623

NOTE:

- Front vertical edge is square.
- All welded steel frame construction. Double wall construction on side panels.
- Bottom channels, bookcase top and shelves are all 18 gauge. Back panel, side channels and side panels are 22 gauge.
- Four leveling glides with 0.625" adjustment.
- Shelves adjustable in 0.5" increments.
- Adjustable shelf is 1" thick.
- Outer side panels are flush with sides of bookcase top, so no gap between bookcases when installed side-by-side.
- Top is mechanically fastened, so may be replaced with laminate top.
- To ensure stability, do not install a 4, 5, or 6-high single bookcase in the center of a room. Bookcases should be installed back-to-back or against a wall.
- 2-high bookcases will accommodate binder-height storage on both shelves. For all other bookcases, binder-height storage is available on all but one shelf.
- Refer to www.SegmentedSystemsMfg.com for finish options.

Individual additional shelves (Pg. 114) are available for purchase.

CONFERENCE TABLES - BOAT SHAPED

DESCRIPTION

Table surface can be supported by columns and table legs. It has a laminate top and a PVC edge. Order wire management, grommets, and other peripherals such as data communication ports separately.

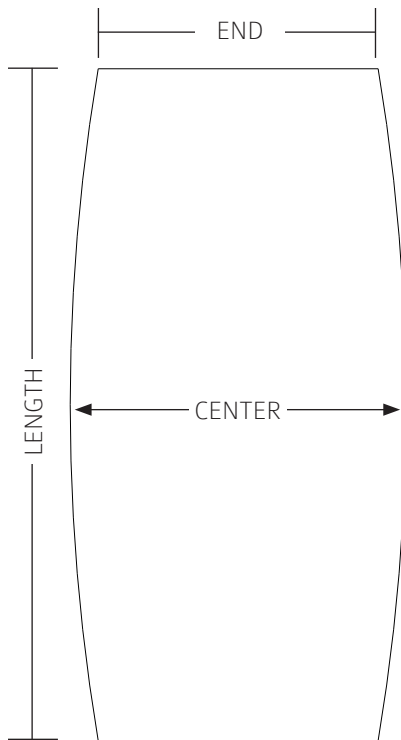

NOTES

- Specify Data Communication and Power Modules separately.
- Grommets: Add "-G" to the end of the PART # and add \$50 to LIST per grommet. Specify grommet location. Grommets will complement the trim, unless otherwise specified.
- Specify grommet color: Black, Light Grey, or Putty
- Specify support separately.

FINISH SPECIFICATIONS EXAMPLE

Part #: BSW5303672-X

RWS60120-X	120"	60"	\$2,310
RWS60144-X	144"	60"	\$3,072

NOTE:

- LIST prices are for standard laminate and PVC edge. Non-standard finishes may result in additional charges. Please call for pricing.
- Unsupported spans greater than 42" require the addition of an under-surface stiffener bar. Stiffener bars must be ordered separately. Add \$105 to LIST price and add suffix "ST" to the PART #.
- Surfaces longer than 10' will be shipped in multiple pieces. Please call for pricing.

Additional shapes of surfaces in similar sizes are available, typically at no additional upcharge.

CONFERENCE TABLES - WEDGE

DESCRIPTION

Table surface can be supported by columns and table legs. It has a laminate top and a PVC edge. Order wire management, grommets, and other peripherals such as data communication ports separately.

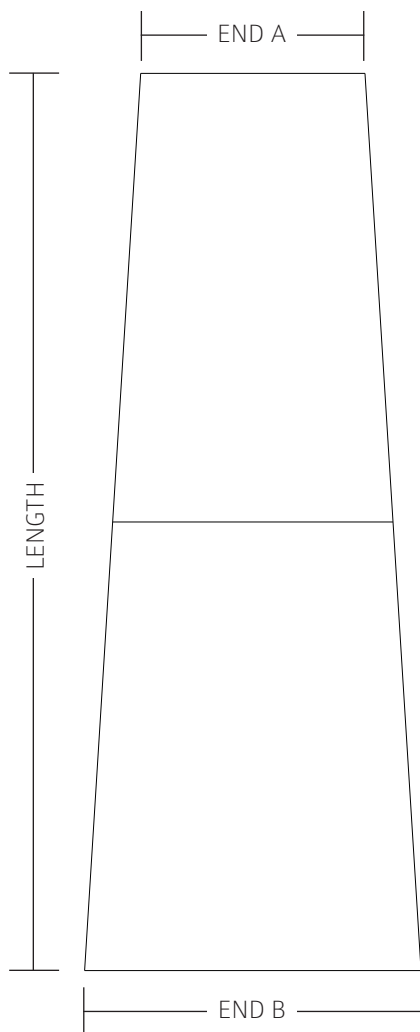

NOTES

- Specify Data Communication and Power Modules separately.
- Grommets: Add "-G" to the end of the PART # and add \$50 to LIST per grommet. Specify grommet location. Grommets will complement the trim, unless otherwise specified.
- Specify grommet color: Black, Light Grey, or Putty
- Specify support separately.

TABLE BASES

DESCRIPTION

Straight legs are functional, high-quality and inexpensive.

Base height is 27.75". The column tubing is 14 gauge for 1.5" and 2" diameter legs. The column tubing is 16 gauge for 3", 4", and 6" diameter legs.

NOTES

- Price is for 1 unit. Please order as necessary.
- Additional heights are available. For a shorter base, add \$49 to LIST. For a taller base, add \$66 for 2", \$95 for 3", \$100 for 4", and \$184 for 6" to LIST.
- Bar height bases are 40.75" tall and require an addition of \$66 for 2", \$95 for 3", \$100 for 4", and \$184 for 6" to LIST and add prefix "BH" to PART #.
- Wire management options are available.

TABLE BASES

DESCRIPTION

This classic modern rectangular design is of welded construction, thus making it strong and durable. Its clean, stylish look mixes well with most office spaces. The column is either 1" x 2" rectangle tubing or 1" x 1.5" rectangle tubing.

NOTES

- Price is for 1 unit. Please order as necessary.
- These bases can have casters attached. Add \$67 to LIST.
- Additional heights are available; see notes below.
- Wire management options are available.
